

What to bring? Products with labels that say:

CAUSTIC, CAUTION, CORROSIVE, POISON, FLAMMABLE, WARNING, DANGER, TOXIC**

From the Garden/Yard/House: insecticides, herbicides, fungicides, chemical fertilizers, rodent killer, metal polish, pool chemicals, photography chemicals, flea control products, no-pest strips, drain and toilet cleaners, oven cleaner, mothballs, lighter fluid, bathroom cleaners, rug and upholstery cleaners, spot removers, bleaches, dry cleaning fluids, chemistry sets, arts and crafts supplies, mercury thermometers and mercury thermostats

From the Garage/Workbench: antifreeze, brake fluid, car wax and polishes, gasoline, transmission fluid, engine and radiator flusher, engine degreaser, carburetor cleaner, gas treatments, plastic fuel filters, rust proofers, wood preservatives, sealants, solvents, liquid creosote, cesspool cleaners, roofing tar, driveway sealer, adhesives, muriatic acid, varnish, paint thinner, wood strippers and stains, latex, lead- and oil-based paints. (Properly drained metal fuel filters can be recycled with scrap metal at your transfer station.)

****DO NOT** bring used motor oil, batteries, asbestos, radioactive material, empty containers, fireworks, tires, medical waste, dry creosote, or ammunition.

Fluorescent tubes and compact fluorescent bulbs go to your transfer station or local, participating hardware store—disposal is free.

Please note: Keep products in their original containers. Do not mix products. Never smoke near hazardous materials. Do not leave your vehicle when you arrive on site; you will be assisted by trained staff. The District has the right to refuse any material based upon its nature.
